Business:

1. Early Voting: County clerks meeting held on 7/27/2023 to discuss the early voting requirements and discussion of plans. Minutes for that meeting provided. The county is exploring the option of having centralized county wide early voting. This can only occur if all cities and townships agree to this option. Cost break-down was computed for the township if done individually. If all the municipalities agree to centralized early voting the cost of the equipment, supplies and staffing would be shared/divided between all municipalities in the county. Township clerk reviewed the estimated costs for our township if we completed in our township. The county has not provided the estimated costs for each municipality if it is centralized.

Supervisor Swan made a motion to have Shiawassee County conduct the 9 days of early voting as required by Proposal 2022-2, MCL 168.720a. Trustee Atwood seconded the motion.
